Song Inspiration

Leave The Door Open is inspired by events that have occurred in the past and occasionally in the present where people expressed their opinion that I was a little snooty or standoffish.

And I have to say I am at times when I don't want to be social. I always say in the nicest way possible, just because I work in the performing arts industry does not mean that I want to or need to be the center of attention all the time.

So I wrote this song to let people know that I am aware of the inspirational power of music and that I am approachable in a peaceful and respectful manner.
